3. The following is an examiner's statement of reasons for allowance:

Claims 1, 3-16, 18-30, and 32 are allowable over the prior art of record because the prior art of record fails to teach or suggest a chaining backend connected to a plurality of remote servers and includes a directory information tree that provides the hierarchy of the plurality of remote servers as argued by applicant on the response filed on September 9, 2005.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
